ORGANIC CHOCOLATE

ABOUT

Omarbeans Organic is a family-run enterprise that has been established by Javed and Stephanie Omardeen and focuses on tree-to-bar creations. Their cocoa beans are fermented and processed in their facilities into excellent chocolate products, in fact, their specially fermented flavorful beans already won awards, representing Trinidad and Tobago at the 2021 Edition of the global Cocoa of Excellence Programme in Paris.

Omarbeans Organic beans flavor is described as a balance between browned fruits and fresh fruit notes, such as red and tropical yellow fruits, and a perfumery orange blossom note.
